Buying a car in Andorra: the complete 2026 guide

Do you live in Andorra and want to buy a car? Whether it's your first car as a new resident or a replacement for your current vehicle, the Andorran market has a particularity: local supply is limited and prices aren't always competitive. In this guide we explain all your options for buying a car in Andorra in 2026 — from the local used market to importing from Germany — and the role of a **car buying agent** in handling all the paperwork for you.

Where to buy a car in Andorra?

To get a car in Andorra you essentially have three options:

- **Official Andorran dealerships:** convenient but with limited choice and prices often higher than in neighbouring countries. See our guide to the [best car dealers in Andorra](#).
- **The local used-car market** limited by the size of the country. We compared the best sites in our article on [used cars in Andorra](#).
- **Importing from Germany:** the option with the most choice and, often, the best value for money.

Buying used in Andorra: a limited market

The main obstacle in the Andorran market isn't price, it's **supply**. With a small car fleet, finding the exact model you want — the right engine, mileage, colour, equipment — often comes down to luck. Many residents end up settling for a compromise or waiting months.

Importing your car: more choice, better price

Germany has one of the largest premium used-car markets in Europe, with competitive prices and very well-maintained vehicles. Importing lets you choose exactly the model you want and, in many cases, save money — even including import costs. To understand it all, see our [complete guide to importing a car to Andorra in 2026](#)

What is a car buying agent and why in Andorra?

A **car buying agent** is a professional who buys the vehicle on your behalf: they find it, negotiate the price, check its condition and handle all the formalities. In Andorra this makes particular sense when importing, because the process involves several administrative steps (customs, type approval, registration) that can be complex if you do them alone.

At Importocotxe we act as your car buying agent in Andorra: you tell us the vehicle you're looking for and we handle everything — from sourcing in Germany to handing over the keys, Andorran registration included.

How much does a car cost in Andorra?

The purchase price depends on the model, but you also need to factor in Andorran taxes, far more favourable than in neighbouring countries:

- **IGI (Impost General Indirecte)**: just 4.5%, compared with 21% VAT in Spain or 20% in France.
- Import and registration costs if you import the vehicle.

For the detailed breakdown, see our article on [how much it costs to import a car to Andorra in 2026](#).

The steps to buy and register

Once you've chosen the car, you need to register it in Andorra. The main steps are customs formalities, type approval, the technical inspection (ITV) and registration with the Govern and the ACA. It's all detailed in our [guide to registering a car in Andorra](#)

Note: there is an **age rule** for vehicles imported into Andorra. Check that your vehicle is eligible before buying.

Some models in high demand among our clients

Our clients living in Andorra frequently look for premium models. Here are a few examples available to import:

Frequently asked questions

Can you buy a car in Andorra as a new resident?

Yes. It's one of the most common cases: many new residents import their vehicle or buy one as soon as they settle in. See our [car guide for new residents](#).

Is importing cheaper than buying locally?

Often yes, thanks to the choice and prices of the German market, even counting import costs. It depends on the model.

What exactly is a car buying agent?

A professional who buys the car for you and manages all the paperwork. That's precisely the service Importocotxe offers in Andorra.

How long does buying with import take?

The timeframe varies by vehicle, but we guide you through every step to keep it as short as possible.

Looking for a specific car? Tell us what you want and we'll find it and import it for you.
