Importing a BMW M3 to Andorra: the complete 2026 guide

Do you dream of a **BMW M3** and live in Andorra? The M3 is one of the most desirable sports cars in the world, but local supply in Andorra is very limited: finding the exact generation, engine and equipment you want is almost a lottery. The solution more and more residents choose is to **import the BMW M3 from Germany**, Europe's largest premium car market. In this guide we explain why it pays off, which versions exist, how much it costs and what the process looks like.

Why import a BMW M3 to Andorra?

Germany has a huge number of BMW M3s for sale, many impeccably maintained and in configurations rarely seen locally. Importing lets you **choose exactly the car you want** and often get a better price. See all available BMWs on our BMW in Andorra page and our guide to buying a car in Andorra

BMW M3 generations and versions

Before buying it helps to know the options, as the M3 has evolved a lot:

- **M3 G80 (current, from 2021)**: 480 hp in the base version and 510 hp in the **Competition**. Available with rear-wheel drive or **xDrive** (AWD) and, for the first time, as the **M3 Touring** wagon.
- **M3 F80 (2014-2018)**: the first turbo M3 sedan, 431-450 hp. Very sought-after for its balance and price.
- **M3 E90/E92 (V8)**: the legendary naturally aspirated 4.0 V8 M3, a modern classic.

Manual or automatic? RWD or xDrive? Sedan or Touring? We help you decide. See also the BMW M3 page with examples available to import.

How much does it cost to import a BMW M3 to Andorra?

The final price is the car's price in Germany plus import costs. Andorra's big advantage is its taxes:

- **4.5% IGI**, versus 21% VAT in Spain or 20% in France.
- Transport from Germany and Andorran registration procedures.

We give you the **final, all-inclusive price**, with no surprises.

The import process step by step

Once you've chosen the M3, the process includes locating and inspecting the car in Germany, transport, customs, homologation, the technical inspection and registration with the Govern and the ACA. There is an **age rule** for vehicles imported to Andorra; we check each M3's eligibility before purchase.

Import the M3 yourself or with an importer?

You can do it yourself, but the process involves several technical and administrative steps in another language. As an importer, at Importocotxe we handle everything: locating the ideal M3, inspection, negotiation, transport and all Andorran registration.

Other sporty BMWs we import

If you like the M3, you might also be interested in other M models we bring from Germany:

- BMW M2
- BMW M4

Why import your M3 with Importocotxe

With more than 500 cars imported, we know every step. We offer the search for the

perfect M3 in Germany, inspection, negotiation, transport and all Andorran registration, with a final fixed price and warranty included.

Frequently asked questions

Is it cheaper to import a BMW M3 than to buy it in Andorra?

Often yes, thanks to the wide supply and prices of the German market, even including import costs. Plus you choose exactly the version you want.

Which M3 generation suits me?

It depends on your budget and use: the G80 offers the latest tech (and the Touring and xDrive), the F80 great value, and the E9x V8 is a classic for collectors.

Can I import a BMW M3 Touring to Andorra?

Yes. The M3 Touring (wagon) only exists in the G80 generation and is in high demand; we can locate and import it like any other version.

Looking for a specific BMW M3? Tell us the version, colour and budget you have in mind and we'll find it in Germany and import it to Andorra for you.
